

# Omnigo 360 Stay Safe

## ONLINE PREVENTION & AWARENESS TRAINING

Prevent incidents from ever occurring with engaging, informative online public safety training for employees, students, or community members.

### INCREASE SAFETY WITH AWARENESS

Educate your audience to recognize signs of abusive or dangerous behavior, provide safe and healthy options for intervening, and encourage risk reduction strategies with high-quality video-based online training modules.

### MAXIMIZE RETENTION

Improve engagement and retention by taking a micro-learning approach with short, memorable, 10- to 15-minute training sessions to educate the audience and provide safe, positive options for bystander intervention, as well as risk reduction tips and strategies.

### PROVIDE RELEVANT TRAINING

Inform employees how to identify and report sexual misconduct in the workplace and educate undergrad and graduate students about personal safety topics, including drug and alcohol awareness.

### MAINTAIN COMPLIANCE

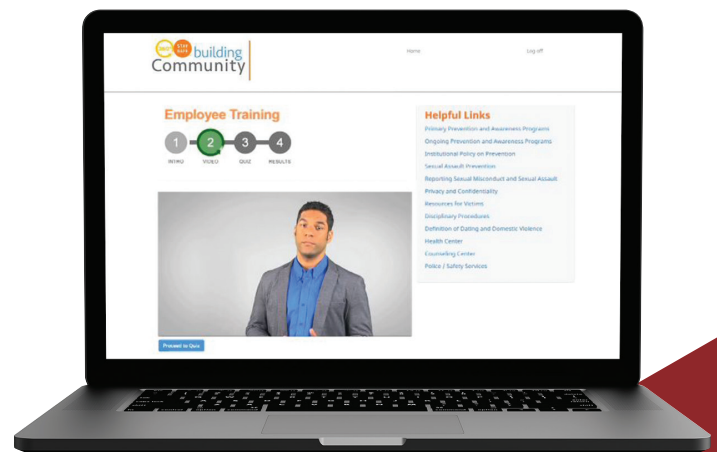

Ensure your workplace or campus is compliant. **Omnigo 360 Stay Safe** helps your organization maintain compliance with mandated policies intended to create safe and healthy workplaces, campuses, and communities.

### DOCUMENT COMPLETION OF REQUIRED TRAINING

Limit liability and ensure compliance with learning assessments that document completion of training. 24/7 access to the online platform provides users with an ongoing learning resource.

### TAILOR CONTENT TO YOUR AUDIENCE

Define key terms and link to organization-specific resources, definitions, and policies to create a unique training experience for your audience with optional customization.

Take a proactive approach to prevention with video-based online training
