

One Comprehensive Solution **TO ENHANCE SAFETY** AND STREAMLINE OPERATIONS

There's a reason Omnigo Report Exec has been the trusted leader of reporting software for over two decades. Through a combination of industry expertise and customer feedback, we've created a superior end-to-end solution that is easily configurable to meet the specific needs of your facility, staff, and visitors.

Make More Informed Decisions

Report Exec organizes data from your facility in an easy-to-search database. Pre-formulated statistical reports, customizable reports, and a live data dashboard provide all the statistical analyses you need to make informed decisions.

Streamline Operations

Built-in communication features keep everyone on the same page. Customizable user roles and permissions ensure that everyone can access exactly what they need to effectively perform their duties.

Save Time on Data Entry

Report Exec eliminates time spent re-entering information by automatically populating known information. Quick-key codes and drop-down menus reduce the possibility for human error.

Justify Budget Requests and Maintain Transparency

Securing your budget depends on demonstrating department impact and responsible allocation of resources. Report Exec records and organizes this information to justify budget requests and maintain accountability.

Automate Your Reporting

Save your statistical reporting filters and set your ideal delivery schedule, and your reports automatically show up in your inbox. Automatic notifications for specified types of incidents or locations ensure that the right people are always kept in the loop.

Ensure Efficient, Accurate Data Collection

The tree dictionary-based system ensures that statistical reporting is more accurate and efficient with data collection that's in your language and kept consistent throughout the organization.

ONE INTEGRATED SOLUTION ELIMINATES THE NEED FOR MULTIPLE PRODUCTS

You shouldn't have to buy multiple products to meet the demands of your department. With Report Exec, you can be sure that every file, report, and message is stored in one secure, searchable database. Your team only needs to learn one platform, and you've got audit trails for actions performed in the software.

Easily Compile and Generate the Reports You Need Most

Admin reporting allows users compile the reports they need most.

A More Efficient Arrest and Booking Process

Track arrest charges, intake information, jail logs, probable cause, property taken into custody, and warrant information.

Easily Pinpoint Weaknesses and Eliminate Redundancies

Conduct audits on reports, users, dispatchers, messages, errors, and data usage.

Share Critical BOLO Information	Track Incident Details and Trends	Save Time by Streamlining the Citation Process
<p>Share critical information and post descriptions of suspicious individuals, activities, vehicles, trespassers, and more.</p>	<p>Track the details associated with a specific incident, and easily identify commonalities between incidents.</p>	<p>Speed up data entry, set automatic fine increases based on amount of time, and run citation reports.</p>
Efficient Clergy Reporting	Quickly and Easily Track Shift Activities	Convenient, Comprehensive CAD
<p>Easily track and compile all incidents that must be included in Annual Security Reports, Public Crime Logs, and Annual Fire Safety Reports.</p>	<p>Keep track of activities and events during each shift.</p>	<p>Quickly and easily enter information, dispatch calls, and keep detailed records.</p>
Ensure Nothing is Forgotten During Fast-Moving Situations	Easily Create Reports in the Field	Automatically Identify Similarities in Investigations
<p>Logical workflow to ease documentation of details in emergency situations.</p>	<p>Easily create reports within the field, and customize the information to meet organization needs.</p>	<p>Identify connections between multiple reports.</p>
Reduce Equipment Damage and Loss	Help Mitigate Theft	Don't Waste a Second During Fast-Moving Events
<p>Track who is in possession of equipment, when it's due back, and the condition in which it's returned.</p>	<p>Lost item reports and found item reports help improve organization and mitigate theft.</p>	<p>Notify targeted groups through high-speed calls, emails, texts, TTD notifications, and social-media alerts.</p>
Save Time on Scheduling	Show Staff and Visitors Their Safety Is Your Priority	Speed Up the Check-In Process
<p>Easy-to-use interface for populating employee schedules.</p>	<p>Public-facing portal lets staff and visitors report concerns, requests, and tips to safety officials.</p>	<p>Improve safety by pre-screening pre-registered guests, view their history with the organization, and speed up the check-in process.</p>

Reduce Time Spent on Parking Registration

Individuals can register for and purchase parking permits online.

Easily Track Parking Permits

Track contact and vehicle information as parking permits are issued. Add expiration dates and parking restrictions, and print permits directly from the program.

Reduce Workplace Accidents

Record employee injuries and document the action taken to prevent recurrence. Also collect information to complete OSHA 300, 300A, and 301 forms.

Improve Officer Safety During Traffic Stops

Officers set time limits before exiting cars during a traffic stop, and if they don't return before the timer runs out, the software will automatically notify other officers.

Don't Let Training or Certifications Expire

Track training records and certifications and automatically get notified when training and certifications are about to expire.

Minimize the Risk of Workplace Violence

Document workplace violence and track any actions taken to address incidents, prevent recurrence, and monitor trends.

THE REPORTS YOU NEED, EXACTLY WHEN YOU NEED THEM

Our admin reporting module allows you to choose from a library of reports or create your own settings to generate the statistics that matter to you.

After you've customized your report settings, you can easily save the report for further use or allow your report to automatically run and distribute. Just specify a time interval for your report and enter your desired list of email recipients. Your reports will be sent straight to your inbox on your schedule – without any additional effort on your part.

Be Ready to Respond with Omnigo Mobile

Designed to streamline common tasks, Report Exec Mobile allows users to work efficiently while away from a computer.

Efficient Citations

Issue citations while patrolling parking areas and print citations directly from the mobile application.

Log Information as It Occurs

Keep daily log events up to date by entering log information as it occurs while in the field

Case Reports

Quickly record case report information from the field while details are fresh.

Search

Search daily event logs, citations, vehicles, contacts, and more efficiently.

CAPTURE

Use the camera on your mobile device to capture images that can be attached to citations, event logs, and reports.

CREATE

Easy layouts and intuitive workflows reduce data entry time. Record daily events in real time, issue citations on the go, and enter case report details in a flash.

CONNECT

Easily access your database no matter where you are. With search capabilities and better information in the field, you can make more informed decisions.

THE SOLUTION DESIGNED TO FIT ANY SIZE ORGANIZATION

With unlimited groups, Report Exec is the ideal solution for growing organizations.

Each group creates its own reports while contributing to a central database of information. Some users may belong to more than one group and can have distinct roles and permissions within each.

It's easy to expand the platform's usage to a variety of locations, facilities, and departments while keeping data organized.

System administrators can control what information is shared between groups and what information is restricted based on role permissions and groups.

ABOUT OMNIGO

For more than 20 years, Omnigo software solutions have been the preferred choice for law enforcement, education, healthcare, gaming, hospitality, and corporate enterprises. Currently, Omnigo's solutions are used by over 2,000 customers in 20 different countries. At Omnigo, we're committed to helping customers secure their organizations' property, control operational costs, and ensure the safety of the general public.

We believe our customers deserve the best support available to protect their people, assets, and brand. We also understand how challenging it can be to protect the community without the proper resources. We're here to arm users with the best tools in the industry. With a team that includes former law enforcement, first responders, and other public safety professionals, we're uniquely qualified to understand exactly what our customers need to protect their community.
