SAFER, SMARTER VISITOR MANAGEMENT

Eliminates the Need for Person-to-Person Contact

Maintain the safety and security of your facilities and enforce health protocols with Omnigo Visitor Management, which uses an automated check-in / check-out process that eliminates the need for person-to-person contact.

ENHANCE COMMUNITY SAFETY AND TRUST

Replace your visitor logbook with a secure, contactless digital solution that creates a 360-degree view of your guests for accountability, compliance, and enforcement.

omnigo

HELP MITIGATE THREATS

Print single- or multi-property badges, send visit notifications, and collect NDAs, photos, and visit details for guests of your facility.

SAVE TIME BY STREAMLINING CHECK-IN

Simplify the registration process for both employees and visitors and save time with pre-registration, one-click sign-in/out, and on-demand badge printing for new or returning visitors.
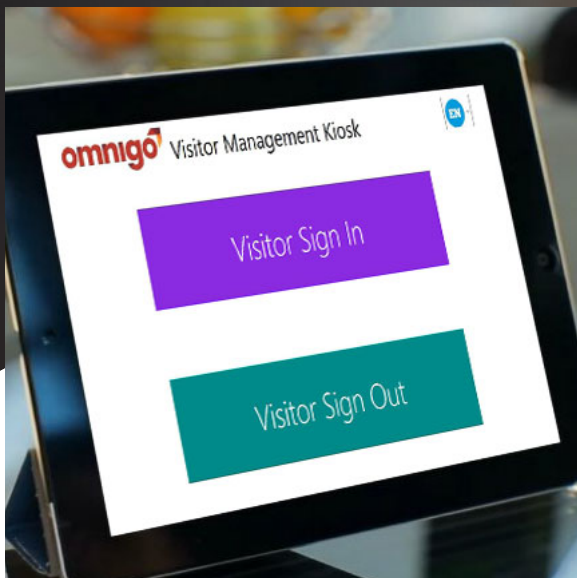

PROTECT ANY SIZE FACILITY

Scale from one to hundreds of workstations across multiple properties, local or globally, .all sharing a single centralized database.

REDUCE THE SPREAD OF GERMS

Offer visitor registration, sign-in, and management with an optional Omnigo Visitor Management Kiosk that requires no person-to-person contact. Ideal for high-traffic buildings or unsupervised lobbies and reception areas, the easy-to-use kiosk guides visitors through a step-by-step registration and sign-in process for both new or existing pre-registered viewers.

STOP DUPLICATING WORK

Optional integration with Omnigo Incident Reporting provides access to existing personnel, banned/watched subjects, and location databases, reducing the need for duplicate visitor information or redundant entry.
